

# Teal Swan's Timeline

This was a timeline that was researched for an article, we thought the timeline was valuable to be re-printed, for other researchers on Teal Swan. It is a bit disjointed, and we will tighten it up, eventually.

**2001-2003.** This would have been while she was presumably still living with her parents and having many psychological and behavioural issues according to her self reports and Doc. <http://www.vegasinsider.com/models/photos.cfm/model/4> (Interesting to check the bio here against her parents').

During this time, Teal's mother also took her on a trip to China to study a little bit on the art of Qigong.

And she has publicly claimed that she attended one semester of college (can't find records). Her business partner, Blake Dyer has made a comment about Teal's education in a Facebook post. The screenshot of this can be found here:

**2003** Teal supposedly "escaped" from Doc at 19, which would be in 2003.

This is when she moved to Park City, Utah at age 19, and moved in with her then boyfriend and current business partner, Blake Dyer. During this time she was briefly into telemark skiing. Documentation is in magazine.

Teal has mentioned she was briefly married to her first husband somewhere around age 19-20.

**2004-2005** Teal also appears to have been doing more nude modeling during the time frame as seen here:

**2005** Teal filed apparently filed her police report, according to the article below:

NOTE: She filed the report due to her therapist's insistence at that time. She was being treated in Utah. Teal claimed was treated by Barbara Snow for 5-6 years total. Also, Teal only filed in Utah, but according to Teal's publicly released narrative, most of the abuses she claimed happened to her happened in Southern Idaho. See the Herald Journal article above, and also her interview with KIVI-TV news, where she claims that her abuse happened near Preston, Idaho.

**2007** Teal married her second husband, Mark Scott, and subsisted on his income.

**June 23, 2009** Teal had her son, Winter Scott, at age 24.

NOTE: **2009** It seems her therapy with Barbara Snow would have ended around this time. If she moved to Park city in 2003 and was treated by Snow for 5-6 years (until her state funded treatment ran out) as she has claimed, it would be around 2009 when she ended treatment.

**2010** Teal also worked at a New Age shop called the Cosmic Spiral in Salt Lake City, Utah doing psychic readings part-time for people as well.

**2011** Teal released her first book, *The Sculptor in the Sky*.

**2012** She really started making YouTube videos and hosting workshops around that time.

**May 2013**– She divorced her husband Mark Scott

**January 5, 2014**– Married her 3rd husband Sarbdeep Swan.

**March 24, 2015**- She separated from 3rd husband Sarbdeep Swan.

**May 12, 2015**- Teal releases her second book, *Shadows Before Dawn* through Hay House Publishing. The president of Hay House, Reid Tracy, is apparently the man who signed her book deal.
